Please be sure to include 2" bleed around the perimeter of A, B, C, D, E, F and G.

Please be sure to include 5" bleed around the perimeter of H.

Please consider obstructions and spaces created by the extrusions when designing your graphics.

Please design the hybrid counter artwork on a separate template.

General Art Guidelines:

– CMYK Color Mode
– All Solid Coated Pantone colors should be called out in the art as spot colors
– Embed all images and support files
– Resolution must be 200-240 ppi at 1/2 size, 100-120 ppi at full size
– All fonts must be created to outlines
– Do not scale artboard
– Background colorImages must bleed to the edge of artboard
– Do not use spot colors from template in your artwork as they will not print
